

Ex-Lease Garmin inReach SE+

sales@securemobility.nz

Ex-lease Garmin inReach SE+ satellite devices (010-01735-00).
Used for a three-month project, these are now surplus to requirements.
All devices are unused or only lightly used, and have been factory reset,
deactivated and removed from Garmin Explore.
Installed with the latest firmware and fully charged prior to shipping.
They are available in a range of grades and come with a three-month
replacement warranty.

		\$
Grade A	Almost like new. All include the original OEM accessories, user guide and original packaging.	\$ 515
Grade B	Light use only. All include the original OEM accessories, user guide and original packaging.	\$ 445
Grade C	Light use only. Some exclude internal plastic packaging. All accessories and user guide included, however charging lead may be after-market.	\$ 310
Grade D	Light use. All include an after-market charging lead and some may also exclude the internal packaging. Some also exclude accessories such as the belt clip, carabiner or user guide.	\$ 240
